## **CONCURRENT MANUFACTURING SOLUTIONS COMPLETES INTERNATIONAL TRAFFIC IN ARMS REGULATIONS (ITAR) REGISTRATION**

Hialeah, FL (August 18, 2014) - Concurrent Manufacturing Solutions is pleased to announce that their Ozark, MO facility is now ITAR Registered. The company's ITAR registration, coupled with its prior AS-9100C and ISO-9001 certifications, demonstrates the development and implementation of policies, procedures and employee training required to provide the highest quality contract manufacturing services and solutions to Aerospace and Defense Prime Contractors who need high performance subcontract partners.

"As one of the elite independent domestic telecom & military-grade Backplane, PCBA, Cable, and Complex Assembly suppliers" said Bill Stanfill, General Manager of the Ozark, MO facility, "ITAR registration complements our 30+ years of experience within these markets and our further commitment to the government market segments."

For more information, contact +1 417-616-5300 or visit the company's website at [www.concurrentmfg.com](http://www.concurrentmfg.com).

ITAR registered. Concurrent's CAGE Code is 6TKD8.

### **About the Company**

Concurrent Manufacturing Solutions LLC offers manufacturing solutions as a valued partner to OEM manufacturers of electronic assemblies. Concurrent provides a range of production design and contract manufacturing services including cable harnesses, printed circuit boards, backplanes, metal enclosures and complete box build services, all at competitive prices with world class quality, delivery and service. Concurrent has its business headquarters in Hialeah, FL and operates ISO 9001:2008 certified facilities at locations in Florida, Missouri, Texas and Matamoros, Mexico.
